

The logo for ERA, featuring the letters 'ERA' in a bold, stylized, black font with a white outline.

INTERNATIONALE SPEDITION

Customer information on confirmation of delivery (Inner-community deliveries)

Since 01.01.2014, you have been receiving the so-called freight forwarder confirmation instead of the previous export confirmation. Apart from the previous information, it contains the newly introduced note:

“Month and year of the End of the shipment of the object of delivery within the rest of the community area”

This fulfils all obligations to provide proof of the tax exemption of shipments to the European Community.

A freight forwarder cannot issue confirmation of delivery, as it is confirmation of the recipient/warehouse keeper of having received the good. This is not only a mere receipt of delivery, as the undersigned must be authorised to sign. This authorisation must be verified on delivery.

The certainly easiest way of fulfilling the obligation to provide proof is confirmation from your customer of having received the good. This is possible, for instance, by a formless email, which you then allocate to your procedure in the archive.

If you have further questions, you are welcome to contact your contact person in our sales department

The ERA logo is shown again, with the tagline 'SERVICE ALL THE WAY' written in a white, italicized font below it.
